

SINK STYLES

DROP IN

This style of sink will “drop in” to a hole in the countertop. Drop in sinks are usually self rimming.

UNDERMOUNT

This style of sink mounts directly beneath the surface of the countertop and is in some cases mounted directly to the countertop under-surface.

PARTIAL DROP IN VESSEL

A vessel sink that can be partially dropped (or semi-sunk) into the countertop.

VESSEL

A sink that can be mounted entirely above the surface of the countertop.
